

Weare Economic Development Committee Minutes - September 20, 2005

The meeting opened at 7:15pm

Present: Jim Thompson, Cheryl Elliott, Heleen Kurk, George Malette, Art Siciliano, Alice Morris

WEDC members continued looking at the Master Plan zoning requirements with an eye to helping business while keeping the rural character of Weare. Tonight's discussion reviewed past changes so everyone present would have a chance at input.

The next meeting will be Oct. 18, 2005 at 7:00. At that time we will finalize our suggestions for changes in the Master Plan zoning requirements so they can be presented to the Planning Board for review.

WEDC will also look at a possible lighting ordinance.

The meeting adjourned at 9:05 pm.

Respectfully submitted,
Alice Morris, secretary
